PRESIDENT’S MESSAGE from JUDY VALENTINE

It’s hard to imagine that this brochure features activities for 2012. As the saying goes, “Time flies when you are having fun.” The program committee encourages you to join your friends for more of the “FUN” activities mentioned here.

The Executive Board and I want to take this opportunity to thank Diane Hendrickson, who started our web-site and has been our web-master for over six years. She is moving on to new volunteer opportunities.

We are very lucky to have Mark Lensenmeyer volunteer to take over the web-site task and become our “web guy.” Keep watching the CEA-R web-site as changes are made by Mark. While you are at it you might also check out CEA-R on Facebook.

If you have any questions, please feel free to call me at 614.235.4572 or e-mail me at jvalentine59@aol.com

BUS PICK UP LOCATIONS

When we take a motor coach as our means of transportation to various activities, we use five pick-up locations basically one in each direction. We have started using two pick-up locations, when possible, on each trip. This is one way to accommodate most of you. so you don't have to travel as far. It depends on the direction of the trip. **When a travel company plans the trip, we don't use two pick-up locations if it will increase the cost for the coach.** The location of the pick-up for each activity will be stated in the respective descriptions. At the present time we are using the following pickup locations.

Puppy mills are a huge problem. They are businesses where dogs are bred for money with little or no concern for the adult dogs or puppies that they sell and/or breed. Their only concern is money. Their goal is to produce frequent litters with little regard for genetic problems that can occur due to over breeding. Unaware buyers often get sick or in-bred puppies that were sold from puppy mills.

Margo Mayberry is an advocate and author who represents **Ohio Puppy Rescue**. She will be our guest speaker and will share the story of "**Mimi**" and other rescued puppies. You will have the opportunity to meet Mimi and to purchase Margo's books. All proceeds from book sales will go to help pay for Ohio Puppy Rescue projects.

Lunch will be right there at the **Golden Corral**. The Golden Corral is an American family-style restaurant that features a large buffet and offers numerous hot and cold items.

Who knew??? **Human trafficking** is not only a big problem in our country but also right here in our own city. Here in Central Ohio women and children are for sale—walking the streets stalked by pimps and dope boys, beaten, bruised and addicted to drugs, or on photos on the Internet, bound, gagged, naked and raped. The response for many years is to arrest these ladies and treat them as criminals rather than victims of an oppressed victimizer.

We are having two guest speakers whose missions are to make a positive difference in the lives affected by this horrible condition.

Our first speaker will be **Julie Clark** of **DOMA International**. Their **Bloom!** program helps ladies move from victims to survivors. Their **Project Green Light** aids schools in incorporating Anti-Human Trafficking into their school curriculums.

After lunch our speaker will be **Cathy Treyens** of **Gracehaven**. The mission of Gracehaven is to find and to free underage girls enslaved by child sex trafficking. Members of the Gracehaven staff have been actively involved in, among other things, educating front line professionals likely to encounter victims of human trafficking including educators.

Because of your dedication to the youth of our community while you were teaching, we are sure you will want to join us for this interesting and alarming topic.

Born out of a craftsman's garage, **Phoenix Bat Company** now produces state of the art, custom bats. In 2000 they became a pro-approved wood bat manufacturer. All bats are made on site with premium grade woods, on the most advanced machine used by any manufacturer and in just two minutes!

The company started as a vintage baseball bat maker for players who play by 1860's rules (no glove worn!). They now craft bats for baseball and softball players of all ages, as well as award bats.

Their bats are used by many pro baseball players including Billy Butler, star hitter for the Royals. Pro players report that they prefer Phoenix Bats for their tremendous pop and power.

The company also provides a batting cage where buyers can try out their many types of bats. We are sure you will find this tour interesting and you will leave with a CEA-R custom-engraved mini bat souvenir.

From there we will go to the well-known **Der Dutchman Restaurant** for a lunch buffet. While there you may want to take home some delicious treats from the **Der Dutchman Bakery** or visit **Carlisle Gifts**.
